MEMORANDUM FOR: Deputy Director for Administration ✓  
Deputy Director for Intelligence  
Deputy Director for Operations  
Deputy Director for Science & Technology

FROM: John N. McMahon  
Executive Director

SUBJECT: Coordination of Television Techniques and Facilities

1. I understand staff-level discussions have taken place on establishing an advisory panel for coordinating the acquisition and use of television facilities and for developing policy options for using television within the Agency. Rather than create another panel that could require staff support, I prefer to look to each of you to ensure that the appropriate coordination is taking place and any promising policy initiatives are forwarded for consideration.

2. The DDA should continue its efforts to develop a plan for coordinated equipment procurement and maintenance and should develop and maintain an Agency-wide inventory of equipment.
